Heavy Coal Demand

There has been a heavy demand for coal this year and it seems that most of it sold here has been the imported variety, that brought it in outside the county. Local coal has not been marketed much here thus far and few wagons hauling it are to be seen in the streets. Will Moore stated Wednesday morning that he had disposed of between 20 and 30 carloads of Illinois coal obtained from Springfield, while another dealer, Mr. Staples had disposed of half dozen carloads. Now, the Moore firm is behind in its orders and Wednesday, they had an order for a carload at the mine which was already sold in load lots here.

FAIR EXCHANGE

A New Back For an Old One. How It Can Be Done in Keyteville.

The back ache at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame that to stoop is agony. No use to rub or apply a plaster to the back if the kidneys are weak. You cannot reach the cause. Keyteville residents would do well to profit by the following example.

Mrs. J. Wagner, 103 Boston St., Carrollton, Mo., says: "I was bothered with kidney and bladder complaint for two or three years and my suffering was intense and hard to bear. My back was weak and lame and the pains across my hips and kidneys were acute. The kidney secretions were unnatural and my limbs and feet became swollen. I finally commenced using Dean's Kidney Pills and in a short time, I got relief."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Dean's Kidney Pills—the same that Mrs. Wagner had. Foster-McIlburn Co., Props., Buffalo, N. Y.
